
A & A GAME ENGINEERING PRODUCT SUPPORT

Product Support sheets come in the following types:

- Clarifications – these are more general clarifications about game play in response to questions from players.
- Corrections and Amendments – these include corrections to errors in game data, typing errors, and mistakes in game play that have come to light. These may come in two alternatives:
 - applicable to the most recent edition.
 - applicable to previous editions. These items will all have been incorporated into the latest edition on sale.
- New Rules – These rules will have been developed in response to requests from players. They may also have been developed from House Rules (see below).
- House Rules and player suggestions. House rules that are tested and work well may be incorporated into the basic rules if the author(s) approve.

The content of the sheets follows the same order as the rules in the book and the first sheet shows a summary of these sections and indicates those that are affected by the current sheet.

Appendix C—Table of Aircraft Weapons

An eagle eyed reader has spotted that the depletion number entry only shows one figure, when it should show two.

They should read, from the top:

Machine guns: n.a./ 10

Heavy Machine Guns: 10/9

Cannon up to 20mm 9/8

Cannon up to 30 mm 8/7

Cannon up to 40mm 7/6

Cannon over 40mm 6/5
